THE BIBLE BUDDIES TV

Math Makes Sense!

Parent Learning Guide

Episode 1: Where Did My Dollar Go?

AGES 5-10 | RUNTIME 2:58 | MONEY + MATH + MANNERS

WHAT CHILDREN WILL LEARN

Count money, add simple prices, calculate change, notice a missing dollar, and respectfully ask someone to check a mistake.

THE STORY IN FOUR NUMBERS

$4	+ $1	+ $2	= $7
Notebooks	Pencils	Stickers	Total spent

Paid $10 | Correct change $3 | Received $2 | Missing $1

TALK ABOUT IT AFTER THE EPISODE

1. How much did the school supplies cost altogether?
2. How much change should a $10 payment produce?
3. How much change did Carlos actually receive?
4. How much money was missing?
5. What could you say politely if your change seemed wrong?

TRY IT TOGETHER: PLAY STORE

Gather play money, paper bills, or coins. Let your child be the cashier. Pretend a notebook costs $2, pencils cost $1, and stickers cost $2. Hand over $10 and ask your child to count out the correct change.

Take turns playing customer and cashier.

A CHARACTER LESSON WORTH KEEPING

You can speak up when something seems wrong and still be kind: "Excuse me, could we check my change together, please?"

BIBLE BUDDIES TV
